"We cannot look to the State for money. There are many parks in need of funds and right now the state just doesn't have it. Volunteerism and grassroots community efforts will save this great place."

– John G. Trontis, Assistant Director
Division of Parks and Forestry

Waterloo Village was turned over to the New Jersey Department of Environmental Protection, Division of Parks and Forestry on January 1, 2007, after many years of management by a private foundation.

The Division of Parks and Forestry is dedicated to the stewardship of the State's rich and diverse historic, cultural, recreational and natural resources for the benefit of present and future generations.

Since 2007, structural repairs have been made and buildings re-roofed, the Lenape Village has been rebuilt and expanded, and a Preservation Plan was completed.

To date, nearly $836,660 of the $1.2 million budgeted for capital improvement projects through FY10 has been spent.

Friends of Waterloo Village

Friends of Waterloo Village was formed in the Spring of 2010, its mission to work in collaboration with the Division of Parks and Forestry to identify resources and secure funding that will be used specifically for the systematic restoration and continued sustainability of the buildings and structures located in the historic district, which is listed on both the New Jersey and National Register of Historic Places.

Our initial fundraising goal is $100,000, with our primary efforts focused on restoration of the Blacksmith Shop and Grist Mill, two historic treasures left virtually untouched by time.

Detach along this fold and mail with your check.

Become a Member Today!

Isn't it time that you become a 'Friend' of Waterloo Village too? You can help play a vital role in the ongoing restoration of this nationally significant historic treasure by becoming a member today.
